We are required to abide by the terms of the current version of this Notice.

#### What is Protected Health Information?

"Protected Health Information" is information that individually identifies you and that we create or get from you or from another health care provider, health plan, your employer, or a health care clearinghouse and that relates to (1) your past, present, or future physical or mental health or conditions, (2) the provision of health care to you, or (3) the past, present, or future payment for your health care.

#### How We May Use and Disclose Your Protected Health Information

We may use and disclose your Protected Health Information in the following circumstances:

• **For Treatment.** We may use or disclose your Protected Health Information to give you medical treatment or services and to manage and coordinate your medical care. For example, your Protected Health Information may be provided to a physician or other

health care provider (e.g., a specialist or laboratory) to whom you have been referred to ensure that the physician or other health care provider has the necessary information to diagnose or treat you or provide you with a service.

- For Payment. We may use and disclose your Protected Health Information so that we can bill for the treatment and services you receive from us and can collect payment from you, a health plan, or a third party. This use and disclosure may include certain activities that your health insurance plan may undertake before it approves or pays for the health care services we recommend for you, such as making a determination of eligibility or coverage for insurance benefits, reviewing services provided to you for medical necessity, and undertaking utilization review activities. For example, we may need to give your health plan information about your treatment in order for your health plan to agree to pay for that treatment.
- For Health Care Operations. We may use and disclose Protected Health Information for our health care operations. For example, we may use your Protected Health Information to internally review the quality of the treatment and services you receive and to evaluate the performance of our team members in caring for you. - Appointment Reminders/Treatment Alternatives/Health-Related Benefits and Services. We may use and disclose Protected Health Information to contact you to remind you that you have an appointment for medical care, or to contact you to tell you about possible treatment options or alternatives or health related benefits and services that may be of interest to you.
- **Minors.** We may disclose the Protected Health Information of minor children to their parents or guardians unless such disclosure is otherwise prohibited by law.
- **Research**. We may use and disclose your Protected Health Information for research purposes, but we will only do that if the research has been specially approved by an authorized institutional review board or a privacy board that has reviewed the research proposal and has set up protocols to ensure the privacy of your Protected Health Information. Even without that special approval, we may permit researchers to look at Protected Health Information to help them prepare for research, for example, to allow them to identify patients who may be included in their research project, as long as they do not remove, or take a copy of, any Protected Health Information. We may use and disclose a limited data set that does not contain specific readily identifiable information about you for research. However, we will only disclose the limited data set if we enter into a data use agreement with the recipient who must agree to (1) use the data set only for the purposes for which it was provided, (2) ensure the confidentiality and security of the data, and (3) not identify the information or use it to contact any individual.

who may be able to help prevent the threat.

- **Business Associates.** We may disclose Protected Health Information to our business associates who perform functions on our behalf or provide us with services if the Protected Health Information is necessary for those functions or services. For example, we may use another company to do our billing, or to provide transcription or consulting services for us. All of our business associates are obligated, under contract with us, to protect the privacy and ensure the security of your Protected Health Information.

These oversight activities include, for example, audits, investigations, inspections, licensure, and similar activities that are necessary for the government to monitor the health care system, government programs, and compliance with civil rights laws.

# Your Rights Regarding Your Protected Health Information

You have the following rights, subject to certain limitations, regarding your Protected Health Information:

- **Right to Inspect and Copy.** You have the right to inspect and copy Protected Health Information that may be used to make decisions about your care or payment for your care. We have up to 30 days to make your Protected Health Information available to you and we may charge you a reasonable fee for the costs of copying, mailing or other supplies associated with your request. We may not charge you a fee if you need the information for a claim for benefits under the Social Security Act or any other state or federal needs-based benefit program. We may deny your request in certain limited circumstances. If we do deny your request, you have the right to have the denial reviewed by a licensed healthcare professional who was not directly involved in the denial of your request, and we will comply with the outcome of the review.
- **Right to a Summary or Explanation.** We can also provide you with a summary of your Protected Health Information, rather than the entire record, or we can provide you with an explanation of the Protected Health Information, which has been provided to you, so long as you agree to this alternative form and pay the associated fees.
- **Right to an Electronic Copy of Electronic Medical Records.** If your Protected Health Information is maintained in an electronic format (known as an electronic medical record or an electronic health record), you have the right to request that an electronic copy of your record be given to you or transmitted to another individual or entity. We will make every effort to provide access to your Protected Health Information in the form or format you request, if it is readily producible in such form or format. If the Protected Health Information is not readily producible in the form or format you request your record will be provided in either our standard electronic format or if you do not want this form or format, a readable hard copy form. We may charge you a reasonable, cost-based fee for the labor associated with transmitting the electronic medical record.

- **Right to Get Notice of a Breach.** You have the right to be notified upon a breach of any of your unsecured Protected Health Information.
- **Right to Request Amendments.** If you feel that the Protected Health Information we have is incorrect or incomplete, you may ask us to amend the information. You have the right to request an amendment for as long as the information is kept by or for us. A request for amendment must be made in writing to the Privacy Officer at the address provided at the beginning of this Notice and it must tell us the reason for your request. In certain cases, we may deny your request for an amendment. If we deny your request for an amendment, you have the right to file a statement of disagreement with us and we may prepare a rebuttal to your statement and will provide you with a copy of any such rebuttal.
- **Right to an Accounting of Disclosures.** You have the right to ask for an "accounting of disclosures," which is a list of the disclosures we made of your Protected Health Information. This right applies to disclosures for purposes other than treatment, payment or healthcare operations as described in this Notice. It excludes disclosures we may have made to you, for a resident directory, to family members or friends involved in your care, or for notification purposes. The right to receive this information is subject to certain exceptions, restrictions and limitations. Additionally, limitations are different for electronic health records. The first accounting of disclosures you request within any 12-month period will be free. For additional requests within the same period, we may charge you for the reasonable costs of providing the accounting. We will tell what the costs are, and you may choose to withdraw or modify your request before the costs are incurred.
- **Right to Request Restrictions.** You have the right to request a restriction or limitation on the Protected Health Information we use or disclose for treatment, payment, or health care operations. You also have the right to request a limit on the Protected Health Information we disclose about you to someone who is involved in your care or the payment for your care, like a family member or friend. To request a restriction on who may have access to your Protected Health Information, you must submit a written request to the Privacy Officer. Your request must state the specific restriction requested and to whom you want the restriction to apply. We are not required to agree to your request, unless you are asking us to restrict the use and disclosure of your Protected Health Information to a health plan for payment or health care item or service for which you have paid us "out-of-pocket" in full. If we do agree to the requested restriction, we may not use or disclose your Protected Health Information in violation of that restriction unless it is needed to provide emergency treatment.
- **Out-of-Pocket-Payments.** If you paid out-of-pocket (or in other words, you have requested that we not bill your health plan) in full for a specific item or service, you have the right to ask that your Protected Health Information with respect to that item or service not be disclosed to a health plan for purposes of payment or health care operations, and we will honor that request.
- **Right to Request Confidential Communications.** You have the right to request that we communicate with you only in certain ways to preserve your privacy. For example, you may request that we contact you by mail at a specific address or call you only at your work number. You must make any such request in writing and you must specify how or

where we are to contact you. We will accommodate all reasonable requests. We will not ask you the reason for your request.
